General Manager

Annex 1: Qualifying Instruments, Benchmark and Investment Mandate

This mandate has a hierarchical structure.

The Global Mandate describes the Minister's overall investment strategy for the Petroleum Fund in terms of a benchmark and eligible instruments, including applicable constraints and limitations.

The Sub Mandates describe in more detail the manner in which the Minister expects the investment of the Fund to be implemented. They describe the management structure of investment portfolios that shall be created, including the style of investment management, risk tolerances, and benchmark against which the performance of each sub-mandate shall be measured and reported, and as at the date of the Management Agreement, the managers appointed to manage the sub-mandates.

A. Global Mandate

The BPA is responsible for the operational management of the aggregate Fund according to the following mandate;

Aggregate Benchmark

The benchmark for the global mandate is the weighted ratio of the two benchmarks included in Mandate 1 and 2 below

- 80 per cent of the benchmark defined under Mandate 1
- 20 per cent of the benchmark defined under Mandate 2
