

República Democrática de Timor-Leste

State Budget 2020

Approved

Infrastructure Fund

Book 3A

República Democrática de Timor-Leste

Ministério das Finanças

Book 3A – Infrastructure Fund

Preface

The Organic Law of the Ministry of Finance specifies the responsibility of the National Directorate of Budget to collect and manage financial information relating to the public sector and publish the statistical results.

In accordance with this provision and to promote the transparency of the public finance, the Ministry of Finance is publishing the final version of the documents relating to the 2020 State Budget, following the approval of the National Parliament.

The documentation for the 2020 State Budget consists of the Budget Law, plus several supporting budget books:

Book 1	: Budget Overview
Book 2	: Annual Action Plans
Book 3A	: Infrastructure Fund
Book 3B	: Municipalities
Book 3C	: RAEOA & ZEESM
Book 4a and 4b	: Budget Line Items
Book 5	: Development Partners
Book 6	: Special Fund - FDCH

The book 3A on *Infrastructure Fund* is a key accountability of the Government to the National Parliament and the people of Timor-Leste document. Book 3A details the programs and sub-programs of the infrastructure fund. This book also presents external loans funds for developing key infrastructure programs.

Budget documentation is available on the website Ministry of the Finance, www.mof.gov.tl. Inquiries relating to the publication should be directed to the General Directorate of Planning and Budget on email jgama@mof.gov.tl telp.+67077852000, yaquim@mof.gov.tl – telp.+67077305809 and kfernandes@sgp.tl – telp.+67077253993.

I consider that this document will increase awareness and understanding of the Government's finances and help people to become good citizens and heroes to our nation by providing them with relevant information on the 2020 State Budget.

Sara Lobo Brites

Acting Minister of Finance

FOREWORD

The Infrastructure Fund was established in 2011 to finance multi-annual capital investment projects aligned with the strategic priorities to implement the Strategic Development Plan for 2011-2030 and to support economic development in Timor-Leste.

According to the Decree Law No. 1/2016 of 14 January and the Decree-Law No. 13/2016 of 18 May, the Infrastructure Fund was transformed into the autonomous fund to alleviate functional limitations that existed before. Since 2016, the IF has operated under the autonomous regime and its Treasury allows execute payments more efficiently. As a result, the Infrastructure Fund operates with greater flexibility.

From the beginning of 2020 fiscal year the Government applied a duodecimal regime (1/12) for the budget appropriation due to the reason that the State Budget for the 2020 period has not been approved. According to the Article 31 of the Budget and Financial Management Law №13/2009 of 21 October, this duodecimal regime allows temporary budget appropriations based on 1/12th rule of the previous year's budget. And upon coming into force of the new budget law all expenses related to those allocations shall be included in the Budget for the current fiscal year.

The 2020 budget is the intermediate point of the implementation period between the first decade 2011-2020 and the second decade 2020-2030 of the Strategic Development Plan. Since the establishment of the Infrastructure Fund in 2011, the Government has considered 1,631 projects under IF Portfolio. Around 60% or 995 infrastructure projects in the Portfolio have already been completed during 2011-2019. The remaining projects are in the process of implementation or under the preparation stage. As a result of these investments two power plants in Hera and Betano, 12 sub-stations, over 700 km of transmission of implementation of power lines across the territory were constructed. The national road network, rural and municipal road networks were improved as well. Currently, the main priority for investment is to improve transportation and connectivity among rural, municipal, and national levels, and also improvement of water and sanitation sector in the country. The program for roads has a higher percentage in the IF budget allocation.

In 2020 the Infrastructure Fund continues supporting on-going projects that have already been approved by the Government from the previous years, and also some new projects initiated by the VIII Constitutional Government.

The IF Budget Book 3A summarizes the existing policy and government priorities, standards, and regulation related to the implementation of the capital development projects, which are aligned with the Strategic Development Plan 2011-2030. This Budget Book provides the detailed description of each program, including the purpose of the program and area of investment, total number of projects under the program, current status of projects in the portfolio as well as allocated budget to cover ongoing and new projects and programs under the Infrastructure Fund.

1. IF POLICY, STANDARDS AND REGULATION

1.1. Infrastructure Fund Objective and Priorities

The Infrastructure Fund was established in 2011 in accordance with the Budget Law to finance the major capital investment projects on a multi-year basis. In 2016 the Fund was transformed into Autonomous in accordance with the Budget Law with the main purpose to support the implementation of the government priorities and strategic programs in the area of infrastructure development aligned with the Strategic Development Plan of Timor-Leste.

The Infrastructure Fund priorities are in-line with the Sustainable Development Goals (SDGs), Strategic Development Plan 2011-2030 of Timor-Leste (SDP), the Program of the VIII Constitutional Government and also consider existing needs of the population of Timor-Leste.

To accomplish the goals and major strategic objectives defined by the Strategic Development Plan 2011-2030 (SDP) and the Roadmap for the Implementation of Sustainable Development Goals (SDG), the Government should focus its investment in 3 sectors or key areas: (1) Social Capital Development; (2) Economic Development; and (3) Basic Infrastructure¹.

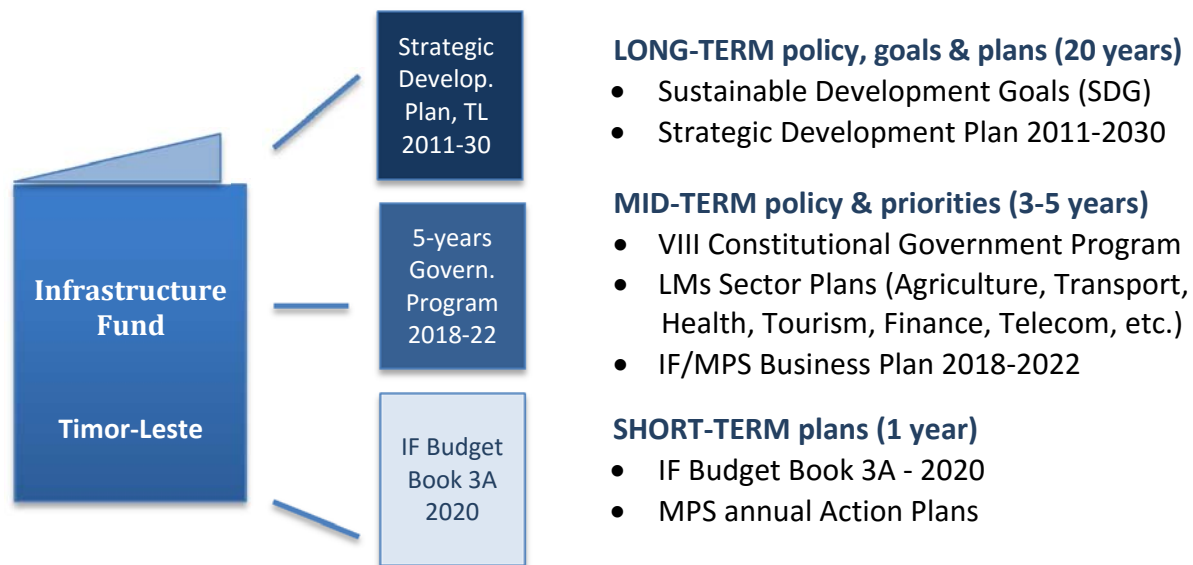

Figure 1: IF policy outline and long-term, mid-term and short-term priorities

Sustainable Development Goals (SDGs)

The Government of Timor-Leste has already accepted the global agenda of the sustainable development goals aligned with its national programs. The Government adopts SDGs through the Government Resolution No 34/2015 of 23 September, National Parliament Resolution No. 19/2015 of 18 November, Directive No 038/2015/XII/PM of 22 December 2015, Government Decree No. 1 of 1 February 2016 and some of the following SDG targets are aligned with SDP:

- SDG Goal 6 - Access to available, safe, and affordable drinking water to all and access to adequate, affordable, and acceptable sanitation and hygiene for all;

¹ PM Budget orientation 2020-2023

- b) SDG Goal 7 - Access to affordable, reliable, sustainable, and modern energy for all; and
- c) SDG Goal 9 - Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation.

The Infrastructure Fund Programs and Projects contribute directly and indirectly to SDG goals through access to energy and clean water, poverty reduction and alleviation, quality of education and good health, job creation, decent work, and economic growth.

Strategic Development Plan 2011-2030 (SDP)

The Strategic Development Plan 2011-2030 has a very significant meaning for the country and covers three key areas: social capital, infrastructure development, and economic development. The SDP aims to develop core infrastructure, human resources, strength of the society, and to encourage the growth of the private sector jobs in strategic industry sectors - a broad-based agriculture sector, a thriving tourism industry, and downstream industries in the oil and gas sector. The infrastructure is very substantial to support a strong and productive economy.

The Strategic Development Plan (SDP) 2011 – 2030 consists of 6 integral parts to cover 22 sectors. The IF budget is an integral part of the State Budget that includes 21 programs linked to SDP priorities. The IF Budget Book 3A is an integral part of the General State Budget 2020.

Program of the VIII Constitutional Government for 2018 – 2022

The VIII Constitutional Government Program was approved by the National Parliament on 27 July 2018. It is a five-year policy plan that to contribute and continue transforming of Timor-Leste from a low-income country into a medium-high income country where the population lives in safety and is healthy, educated and prosperous. The Government Program covers the following 5 key areas:

- *Social capital development*, with the measures to maximize its potential, promoting inclusion, empowerment, qualification, and health;
- *Infrastructure development*, considered crucial for economic and social development in order to implement a quality infrastructural network, guaranteeing a good cost-benefit ratio and thus sustain productivity, job creation, and development of the private sector;
- *Economic development*, with the measures for modernization and diversification, boosting the productive sectors around agriculture, tourism and oil that stimulate creativity, innovation, entrepreneurship, enabling increased income opportunities, improved productivity, the ability to generate wealth and the creation of new markets;
- *Governance consolidation*, with the plan to continue investing in strategic planning for a modern and diversified economy, to create new jobs, increase the contribution of the private and productive sectors, and to make feasible the fiscal sustainability;
- *Good governance and anti-Corruption*, with the plan to implement mechanisms for evaluation, performance, and promotion of the principles of transparency, accountability, integrity and leadership, in order to increase confidence in governance and increase public sector competence and efficiency.

Guidelines for the preparation of the Budget Proposals for 2020-2023

The orientation for the preparation of the Budget Proposals for 2020-2023 were presented by His Excellency, the Prime Minister on 1 June 2020. The infrastructure is crucial to economic and social development, and the scale and costs associated with the implementation of an infrastructure network are a huge challenge to sustain productivity, job creation, and private sector development at the national level. The orientation highlights the Government priorities according to the Strategic Development Plan (SDP) and the Roadmap for the Sustainable Development Goals (SDG) and focuses on investment in 5 key areas:

- Social Capital Development;
- Economic Development;
- Basic Infrastructure;
- Institutional Development; and
- Environmental Development.

For the Infrastructure Development in the planning of basic and fundamental infrastructure special attention should be given to the following fundamental points:

- (1) Job creation, giving priority to those that help promote inclusive work opportunities for men, women, and people with disabilities;
- (2) Private sector, giving priority to those that contribute to encourage the emergence of small and medium-sized enterprises;
- (3) Support of local products, giving priority to initiatives that contribute to the diversification of supply and to the sustainable growth of the economy;
- (4) Capacity-building and institutional strengthening, prioritizing initiatives that value the citizen, not only in technical or scientific knowledge, but also those of moral, ethical and disciplinary character;
- (5) Balanced territorial development, giving priority to initiatives that contribute to social cohesion and reduce asymmetries between urban centers and rural areas.

The government priorities are the essential part of the Infrastructure Fund's portfolio that consisted of the basic infrastructure, economic and social sectors with the respective goal to support development of the country.

1.2. IF Budget Allocation and Execution

During 2011 - 2020 (2Q) a total amount of US\$ 4.8 billion has been approved for the Infrastructure Fund to finance IF programs, including financing sources from the Government and External Loans. The budget execution for the period 2011 – 2020 is around US\$ 3.0 billion. And the average annual rate of the budget execution is 63% as presented in the table below.

Table 1: IF Budget Allocation and Execution 2011-2020

Year	Budget (USD, million)	Disbursement (USD, million)	Execution %
2011	598.53	474.43	79%
2012	875.13	376.09	43%
2013	604.38	210.96	35%
2014	368.55	310.70	84%
2015	317.30	239.81	76%
2016	784.47	549.64	70%
2017	325.62	223.56	69%
2018	386.01	331.23	86%
2019	367.54	276.90	75%
2020*2Q	169.42	39.49	18%
TOTAL	4,796.95	3,032.81	63%

* Data as of 1 July 2020

IF Budget and Execution 2011-2020

Figure 2: IF Budget and disbursements for 2011-2020

As a result of these investments from the Infrastructure Fund, 995 projects have been completed from 2011, including two power stations in Hera and Betano, roads and bridges, several public buildings, including the Ministry of Finance and some other strategic projects. The details of completed and ongoing projects in the IF Portfolio are presented in Part 2.

1.3. Legal Regulation Framework

The Infrastructure Fund was established in 2011 to finance multi-annual capital development projects in a more secure, transparent and accountable manner. The regulation framework for the infrastructure development in Timor-Leste outlined by the Constitution of the Democratic Republic of Timor-Leste (RDTL), Budget and Financial management Law, Private Investment Law and Land Law, Tax regulation and Customs Code, Decree-Laws on procurement regime, Legal regime for public-private partnership (PPP), Decree-Law on regulation of the Infrastructure Fund and other key legal documents. The main legal documents and regulation regarding project implementation under the Infrastructure Fund are presented below:

- Constitution of RDTL of 20 May 2002 (Article 140);
- Law 13/2009 – Budget and Financial Management;
- Law 1/2016 – Approval of the General State Budget;
- Decree-Law 14/2018 - Organic structure of VIII Government;
- Decree-Law 13/2016 – Regulation of the Fund;
- Ministerial Diploma 9/2011 – CAFI regulation.

According to the Decree-Law № 13/2016 of 18 May on the Regulation of the Infrastructure Fund (substitution of the Decree-Law № 8/2011), IF provides financial support to the following sectors:

- (a) Transport infrastructure including roads, bridges, ports, and airports;
- (b) Social infrastructure, including hospitals, schools, and universities;
- (c) Flood control and landslide protection infrastructure;
- (d) Water treatment and sanitation facilities;
- (e) Power generators and distribution lines;
- (f) Telecommunications;
- (g) Logistic facilities, including storage infrastructure;
- (h) Public buildings and public facilities;
- (i) Other infrastructure that promotes strategic development.

Based on the regulation framework in compliance with the Articles 8, 9 and 14 of the Decree-Law № 13/2016 of 18 May, 2016 the Article 16 of the Decree-Law № 31/2015 of 26 August, 2015 and the Article 11 of the Law № 1/2016 of 14 January, 2016 on the General State Budget for 2016, the technical and administrative support to the Council for Administration of the Infrastructure Fund is provided by the Major Project Secretariat (MPS).

According to the current legal regulation on the procurement legal regime, established by the Decree-Law № 10/2005 of 21 November with the amendment of the Decree-Law № 38/2011 of 17 August, and the Law № 3/2013 of 2 July 2013, the projects with the budget more than US\$ 5 million are required approval of the Council of Ministers (COM) and the Audit Court.

The standards and procedures of the Infrastructure Fund, related to submission of project proposals (project brief), project appraisal, economic evaluation, and feasibility study, as well as financial procedures are regulated by the Infrastructure Fund Administration Manual (IF Manual), that was prepared in 2018 based on the current legal regulation and existing procedures.

1.4. Institutional Arrangements

The IF Institutional arrangement and overview of the IF framework shows the linkages and interactions among the key involved stakeholders. At various stages of the project cycle from inception to completion, the CAFI, Fiscal Council, MPS, LMs/Project Owners/PMUs, ADN, NPC, and various stakeholders play a vital role in the effective operations and management of the IF. The coordination and approval mechanisms are also linked to ensure that budget, procurement and contract management concerns and issues are addressed coherently and consistently.

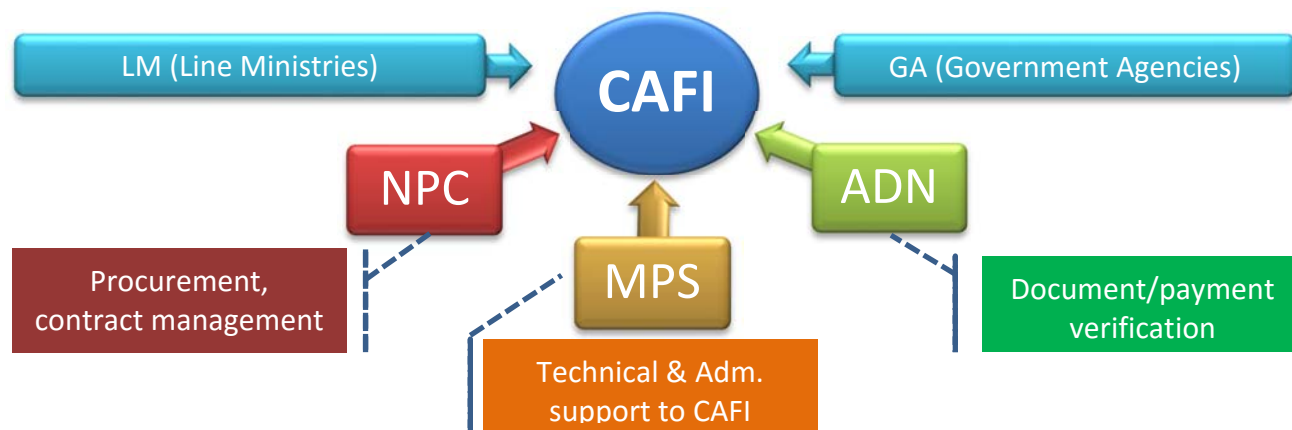

Figure 3: Management and Implementing partners of the Infrastructure Fund

The Council for Administration of the Infrastructure Fund is the body solely responsible for the Fund's operations. It has authority over the decision-making process for all matters related to IF projects and to provide policy guidance and directions to the IAs/LMs and other participating stakeholders. The timeline of the IF transformation from the Special Fund to the Autonomous Agency is presented in the Figure below.

Year									
2011	2012	2013	2014	2015	2016	2017	2018	2019	2020
Special Fund					Autonomous Fund				
<ul style="list-style-type: none"> Decree-Law No. 8/2011 Numerous functional limitations, related to unspent budget and project implementation 					<ul style="list-style-type: none"> Decree-Law No. 13/2016 Eliminating the functional limitations Performing the treasury function 				

Figure 4: Timeline of the institutional arrangement of the Infrastructure Fund

The role of NPC is to support a procurement process, the role of ADN is to verify the documents and payments from the LMs and Government Agencies, and the role of MPS is to provide technical and administrative support to CAFI and to execute payments through the Treasury. The Line Ministries and Government Agencies are the project owners and responsible for the project preparation, project implementation, and operations and maintenance (O&M).

1.5. Project Implementation & Infrastructure Fund Workflow

The process of project preparation and implementation under the Infrastructure Fund consists of the several important stages which are critical and have significant implication to quality of infrastructure projects. There are four key stages of the project implementation under the Infrastructure Fund:

- Project planning and preparation;
- Budgeting and procurement;
- Contract administration and construction;
- Operations and maintenance stage (O&M).

The scope of support to the Infrastructure Fund is based on the performance of the main functions by the Major Project Secretariat (MPS) in providing technical and administrative support to the Infrastructure Fund and Council for Administration (CAFI), including the following: Project Planning and Feasibility Study; Project Appraisal and Cost-benefit Estimation; Budget projection and budget preparation; payment execution; progress monitoring and reporting.

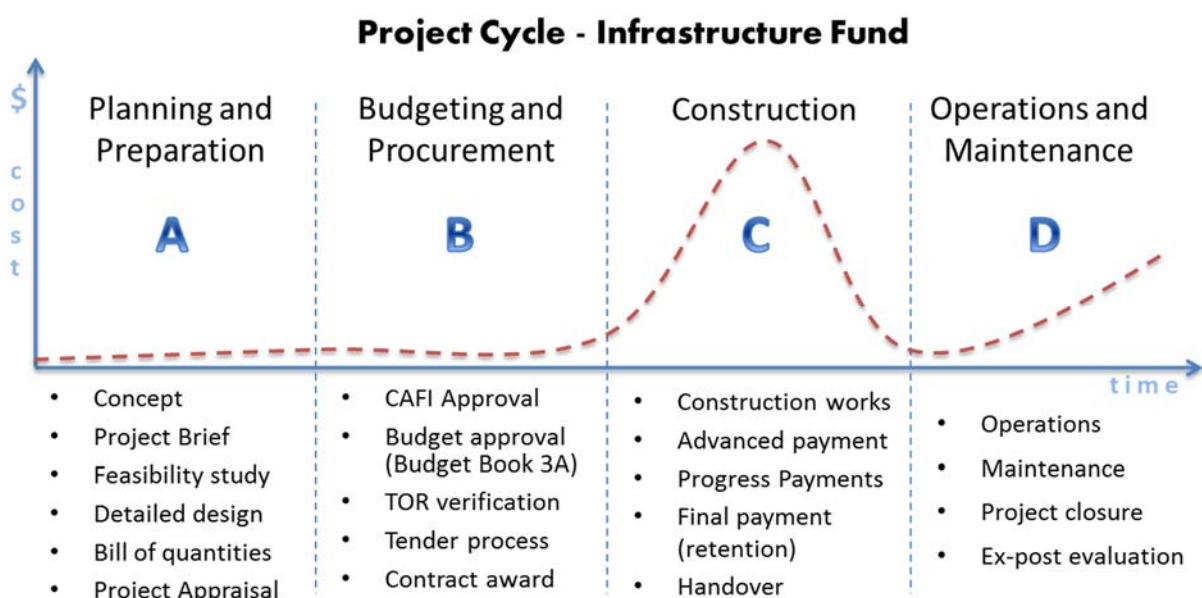

Figure 5: Project implementation cycle of the Infrastructure Fund

In order to ensure the effective implementation of the infrastructure projects, the workflow with proper procedures is required. The Infrastructure Fund Administration Manual (IF Manual) was prepared in 2018 in order to summarize all established standards and existing procedures and to describe roles of the main stakeholders, involved in the project preparation, approval and execution and to support the essential management procedures of the Council for Administration of the Infrastructure Fund (CAFI) and the Major Project Secretariat related to the administrative, financial and technical areas to meet requirements of various government agencies in Timor-Leste engaged in the implementation process under the Infrastructure Fund.

The Infrastructure Fund Administration Manual covers the following areas:

- PART A - Policy and Regulation;
- PART B - Principles and Standards;
- PART C - Roles and Responsibilities;
- PART D - Operations and Procedures;
 - Planning and Budgeting
 - Payment Execution Process
 - Reporting and Monitoring
- PART E - Management Control.

The IF Manual summarizes the administrative, technical and financial procedures, including: (1) project planning and concept preparation; (2) projects proposal submission; (3) project appraisal and feasibility study assessment; (4) CAFI approval; (5) budget preparation, discussion and budget approval; (6) procurement procedures and contract award; (7) construction and payment execution based on progress; (8) monitoring of project implementation and reporting; and (9) completion of the project and the final payment.

PROJECT IMPLEMENTATION WORKFLOW OF THE INFRASTRUCTURE FUND

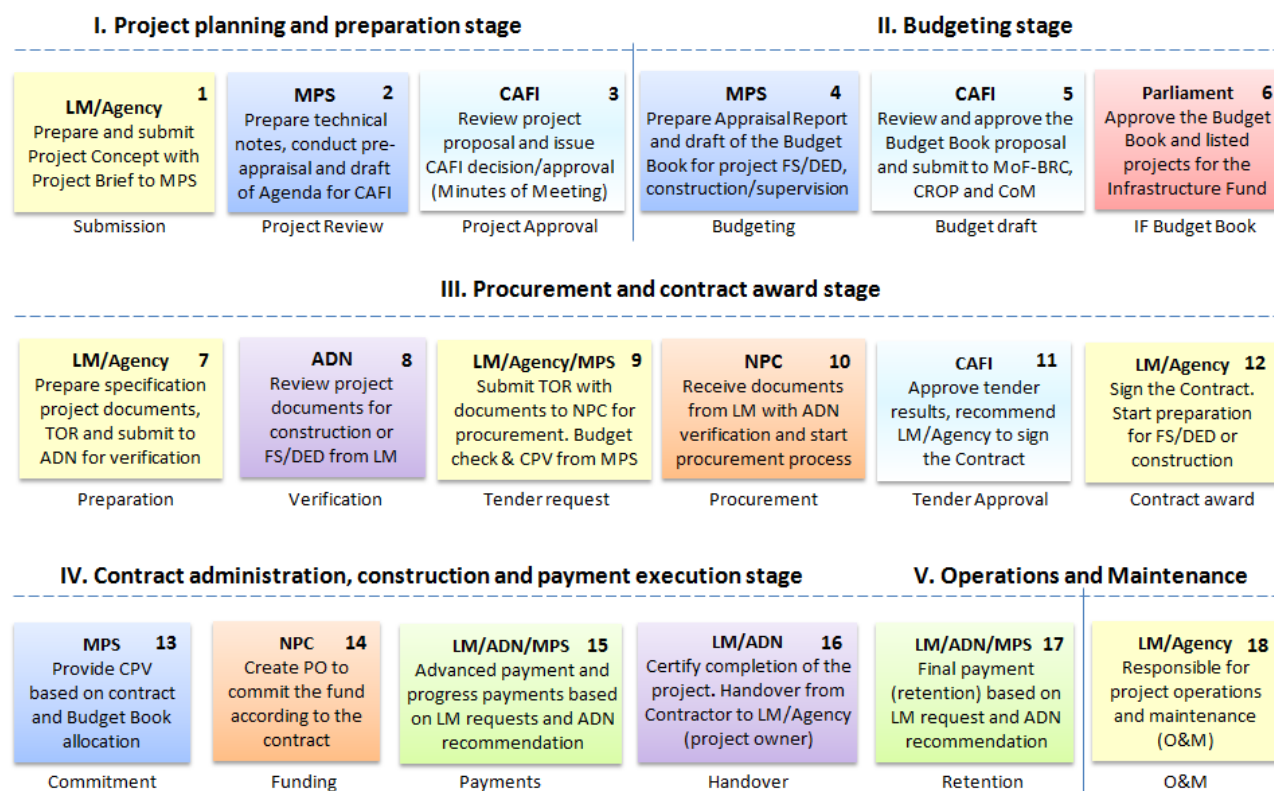

Figure 6: The Infrastructure Fund's Workflow

Project Standards

The role of key standards and principles, best practices and management tools as well as the general procedures is to ensure that IF processes are clear, updated and consistent with its mandate and that any risks associated with its implementation are minimized, properly managed and mitigated. The main standards and other guidelines, related to the project preparation and project implementation under the Infrastructure Fund are presented below.

- Project Appraisal Guideline (MPS, August 2017);
- Feasibility Study Guideline (MPS, May 2018);
- Model TOR for IF projects (MPS, February 2018);
- Project Brief standard Form (MPS, 2017);
- Fund Administration Manual (MPS, Dec. 2018);
- Ex-post evaluation Guide, draft (MPS, 2019).

Feasibility Study

The Major Project Secretariat has prepared the Feasibility Study Guideline as the national standard for the infrastructure projects in Timor-Leste. This document should provide guidance both executing and implementing agencies and consultant companies on how to prepare and evaluate project feasibility. Feasibility study for strategic projects should help to ensure the quality of infrastructure and value for money. More importantly, with the feasibility study results the government can evaluate investments from the Infrastructure Fund for the most strategic projects that contribute significantly to the social and economic development. The Action Plan and the Feasibility Study Guideline for IF were approved in 2018.

Project Appraisal

Project appraisal objective is to prioritize and to select the best options for investment based on methodology which is taking into account contribution to SDP, economic viability, readiness of the project for funding. There are two key elements for appraisal for scoring and evaluation:

- Importance for development;
- Readiness for funding.

The project appraisal allows assessing new proposals in terms of readiness and contribution to the economic and social development of Timor-Leste. It also allows MPS to prepare recommendations to CAFI based on the ranking of the projects and to prioritize funding options according to the evaluation criteria. The appraisal methodology for the Infrastructure Fund was improved in 2016 and now it is based on a set of 8 multiple criteria, including the following:

- (i) Relation of the project or the project's sector to the Strategic Development Plan;

- (ii) Economic impact as measured by the economic internal rate of return;
- (iii) Effectiveness of investment;
- (iv) Social impact and number of new jobs and indirect number of benefited population;
- (v) Readiness for implementation, including environmental license;
- (vi) Dependence of the project on additional infrastructure for a reasonable cost,
- (vii) Readiness for construction and availability of required documents such as concept design, feasibility study, detailed engineering design, and other related documents;
- (viii) Readiness of land for the project in terms of land availability for construction and assessment of requirements of possible resettlement under the project.

The Project appraisal should help to prioritize and to select the best proposals for investment, based on the contribution to SDP, economic viability, readiness of the project for investment.

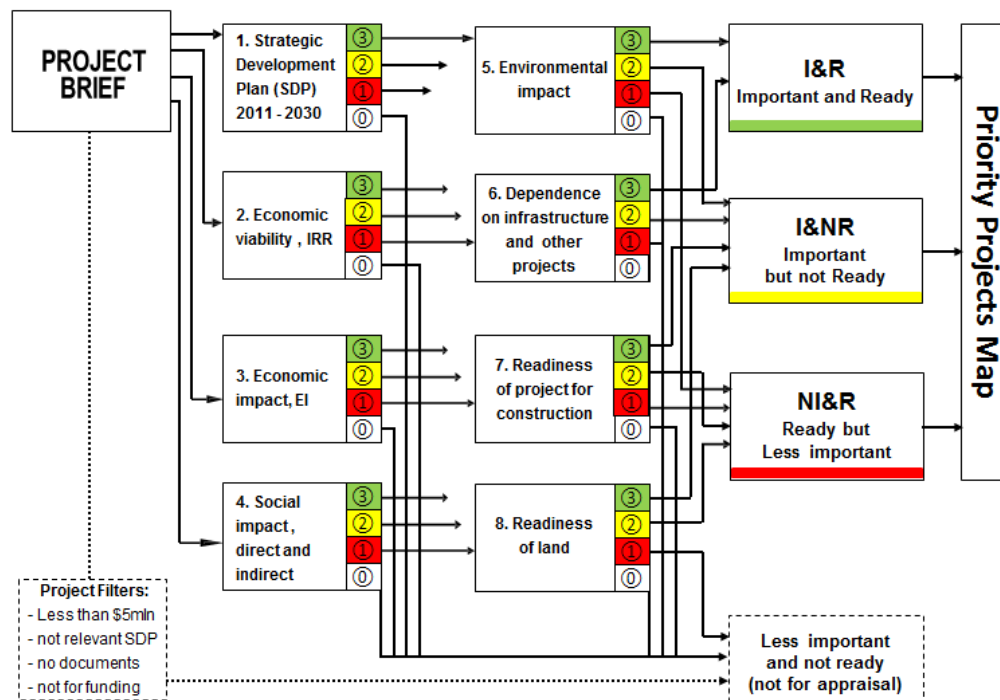

Figure 7: The project appraisal algorithm of the Infrastructure Fund

The project appraisal procedure, including submission and evaluation of new proposals for funding through IF is an integral part of the state budgeting process. In 2018-2019 the Major Projects Secretariat got 190 proposals for the 2020 budget period from 12 municipalities.

In July 2020 the Major Projects Secretariat summarized all proposals from the Line Ministries and Government Agencies, submitted during 2018 and 2019, and presented the Project Appraisal Report 2020 to CAFI. In the 2018 project appraisal was not conducted due to the late budget approval. All project proposals from 2018 are considered for the appraisal for the 2020 budget period. As a result of project appraisal, in total 31 projects were selected and recommended for funding and project preparation through the Infrastructure Fund in 2020.

Ex-post evaluation

The Ex-Post Evaluation under the Infrastructure Fund is required for completed projects in order to utilize lessons learned and to accumulate the best practice to avoid the same mistakes and for

effective implementation of projects in the future and to recommend new measures and improvements. The ex-post evaluation is conducted by the evaluation team represented by the experts familiar with similar projects in accordance with the evaluation plan and based on the detailed study of related data. The results are summarized in the evaluation report.

The project ex-post evaluation under the Infrastructure Fund is based on 5 criteria, including (1) Relevance; (2) Effectiveness; (3) Efficiency; (4) Impact and (5) Sustainability that internationally accepted and developed by the Organization for Economic Co-operation and Development (OECD). The ex-post evaluation workflow, evaluation criteria, and a score are presented below.

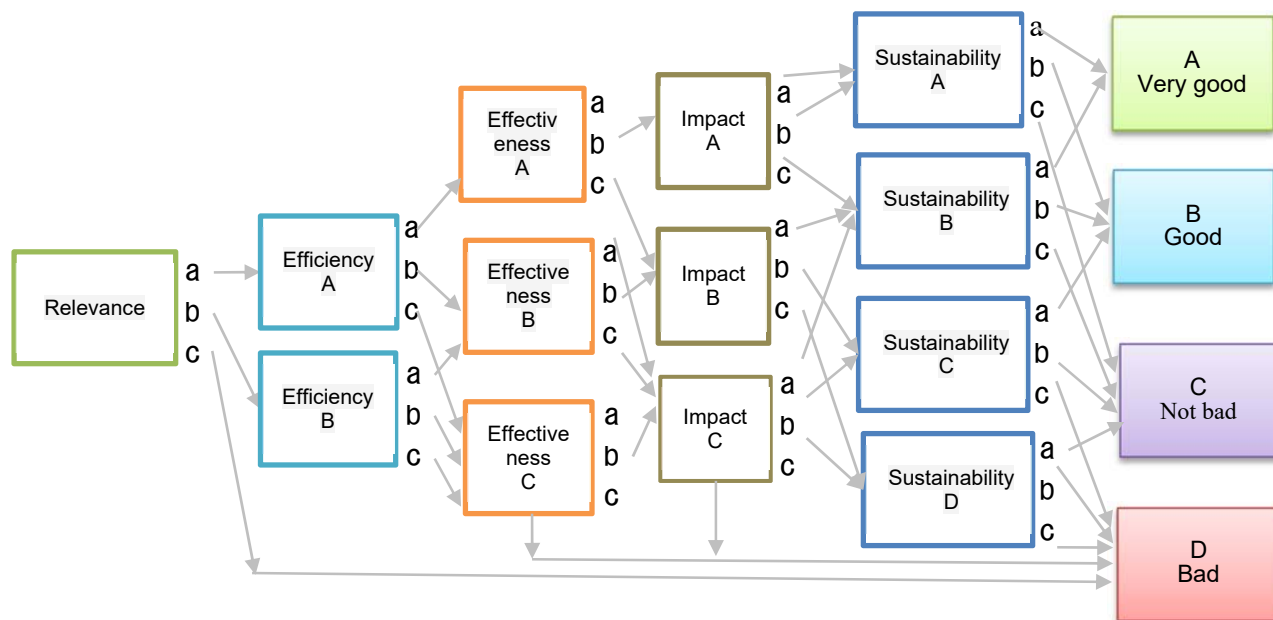

Figure 8: Ex-post evaluation flowchart under the Infrastructure Fund

The purpose of the ex-post evaluation is to utilize results for future projects, not to check the project results. The Infrastructure Fund is currently preparing the methodology of the ex-post evaluation and evaluation for some completed pilot projects.

2. INFRASTRUCTURE FUND PORTFOLIO

The foundation of the Infrastructure portfolio is supported by 3 pillars: policy, regulation, and standards. And the composition of infrastructure sectors under the IF Portfolio is based on the Pyramid model with the foundation from the BASIC infrastructure (water, power, roads and bridges, Maintenance and rehabilitation, design and supervision). The second level consists of the ECONOMIC infrastructure (Agriculture, Ports, Airports, Tourism and Urban Development, Oil & Gas/Tasi Mane project, Telecom, Finance), and the SOCIAL infrastructure (Health, Education, Youth & Sports, Public Buildings, Security and Defense, Social Solidarity).

Social Infrastructure:

- Health Program;
- Education Program;
- Youth and Sports;
- Security and Defense;
- Public Buildings;
- Urban Planning;
- Social Solidarity.

Economic Infrastructure:

- Agriculture Program (irrigation);
- Tasi Mane Program (Gas & Oil);
- Tourism Program;
- Ports Program;
- Airports Program.

Basic Infrastructure:

- Water supply and sanitation;
- Electricity Program (power supply);
- Roads Program;
- Bridges Program;
- Maintenance and rehabilitation.

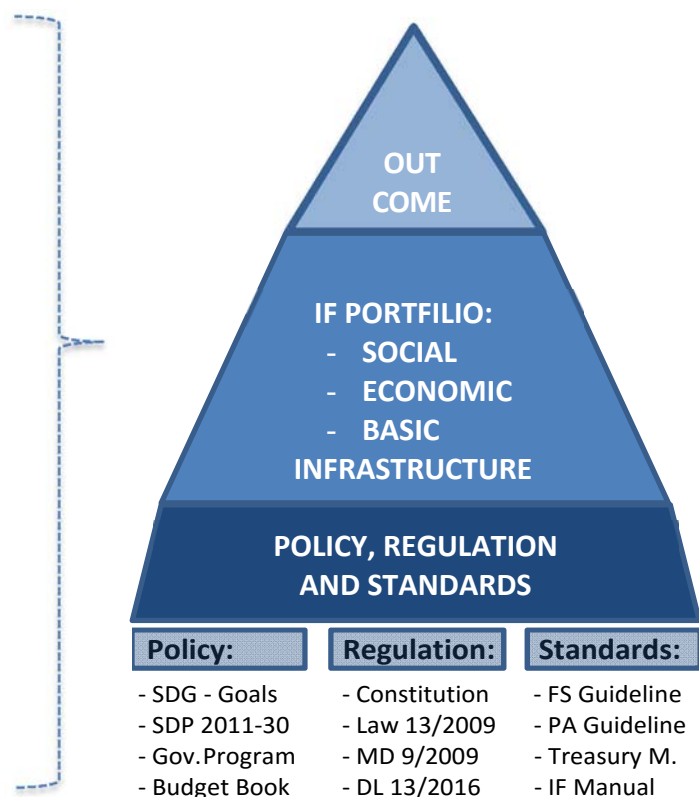

Figure 9: The Infrastructure Fund's Portfolio

The Infrastructure Fund budget is aiming to finance programs with the source of funding from the State budget, external borrowing, and public-private partnership through the PPP modality. During 2011 - 2020 a total number of IF programs have increased from 13 to 21.

Currently, a cumulative number of projects under the Infrastructure Fund 1,631. The status of IF projects is as follows: 995 completed projects (since the establishment of IF in 2011), 399 ongoing projects and 237 new projects in IF Portfolio that have not been started or not funded yet. The government priorities for the investment from IF to focused on basic and vital infrastructure, including power and water supply, roads and bridges as it is stated in the SDP 2011-2030. The 2020 budget for IF Portfolio has been revised to cover only the ongoing projects that require payments and some emergency projects to be funded in the current fiscal year.

2.1. Agriculture Program

The Agriculture Program has a high priority for Timor-Leste as infrastructure development is the central element with the goal to support food production, improve distribution and food security directly through enhancing accessibility and indirectly by increasing number of jobs and income.

Table 2: Agriculture Program

Year	Budget, \$	Execution, \$	%
2011	2,633,835	2,183,508	83%
2012	9,834,000	2,379,527	24%
2013	6,953,000	2,810,000	40%
2014	9,502,370	9,494,125	100%
2015	12,816,064	11,357,904	89%
2016	2,876,168	2,107,409	73%
2017	2,900,620	2,772,772	96%
2018	4,098,309	3,390,300	83%
2019	1,578,793	1,021,923	65%
2Q20*	1,194,000	128,431	11%
Total	54,387,159	37,645,899	69%

More than 63%² of the households in the country depend on the agriculture sector.

There are 24 projects under the Agriculture Program, mainly related to the irrigation sector. The Irrigation schemes are considered by the Ministry of Agriculture and Fisheries as a major component for resuscitation in order to achieve targets of self-sufficiency in staple food crops, rice, and maize. Currently, 4 ongoing project under the Program's Portfolio and 16 completed projects from 2011. Three irrigation projects (Maukola, Beikala, Galata) and Metinaro fishing port have not been funded/started yet.

The Program budget for 2020 is US\$ 1,194,000.

2.2. Water and Sanitation Program

Access to clean water and sanitation is very critical to Timor-Leste as it should help to improve public health, create new jobs and encourage rural development, make it easier to maintain and sustain our valuable water resources, and spread our limited water resources. The purpose of this Program is to improve access to safe potable water and hygienic sanitation facilities.

Table 3: Water and Sanitation Program

Year	Budget, \$	Execution, \$	%
2011	-	-	-
2012	13,500,000	2,871,000	21%
2013	10,098,000	754,000	7%
2014	3,967,000	3,907,000	98%
2015	2,741,180	2,477,690	90%
2016	15,640,000	480,000	3%
2017	329,738	86	0%
2018	1,730,583	450,723	26%
2019	2,895,647	324,112	11%
2Q20*	2,636,892	552,891	21%
Total	53,539,040	11,817,502	22%

There are 54 projects under the Water and Sanitation Program. Currently, 6 new emergency projects, and 7 ongoing projects: (1) Continuation of the Master Plan for Dili Drainage Phase-II; (2, 3) Feasibility and Pre-Feasibility Study for Dili Water Supply; (4) Consulting services for Dili water supply PPP (Feasibility Study); (5) DED for water supply; (6) Water supply and Sanitation infrastructure development in 4 Municipal Centers (Baucau, Lospalos, Same, Vequeque); (7) Drilling and Installation of water pump for the Hospital (HNGV).

Fifteen (15) projects have not been started yet. And 26 projects were completed during 2011-2019.

The Program budget for 2020 is US\$ 2,636,892.

² Strategic Development Plan 2011 – 2030 (SDP), pages 121 – 122 & 124

2.3. Urban and Rural Development Program

The objective of this Program is to ensure that planning for economic activity based on maximizing

Table 4: Urban and Rural Development Program

Year	Budget, \$	Execution, \$	%
2011	1,063,000	899,926	85%
2012	7,076,074	499,529	7%
2013	6,576,070	0	0%

Total	55,066,729	31,648,223	57%

regional and local resources and should reduce the gap in progress between urban and rural areas. Spatial plans and National Planning Framework contain of (i) the pathway for development in each region, (ii) environmental sensitivities, including natural disaster risk factors and (iii) zoning regulations that set out boundaries for each sector to ensure sustainability and environmental protection³. Rural development is a priority for the Infrastructure because of the large proportion of the population living in rural areas. There are 7 projects under the Program, including 2 ongoing projects: (1) LiDAR information system; (2) National spatial planning project. Two projects were completed from 2011, and (1) new proposal for Dili Solid waste.

The Program budget for 2020 is US\$ 2,300,000.

2.4. Electricity Program

The objective of the Electricity Program is to provide reliable electricity generation, transmission and distribution throughout Timor-Leste. The program objective is to build two power plants at Hera (120 MW) and Betano (130 MW) and to install 150KV nationwide power line grid plus 20KV distribution lines, 9 substations, medium and low voltage of house connection, and street light illumination. All transmission line networks are completed. The importance of a reliable electricity supply is essential for the progress of the nation and economic development. A stable power supply is also an important condition to enhance private investments in Timor-Leste.

Table 5: Electricity Program

Year	Budget, \$	Execution, \$	%
2011	448,742,000	428,921,379	96%
2012	301,820,621	283,812,312	94%
2013	121,666,893	80,883,000	66%

Total	1,166,683,517	1,057,813,603	91%

There are 613 projects under the Electricity Program, including operations and maintenance of the power stations, substations and power grid. Currently, 97 ongoing projects, 505 completed, and 11 new emergency projects. Among other works that remain to complete the Central control systems, Improvement of street lighting as well as operation and maintenance for the existing power supply system.

The Program budget for 2020 is US\$ 4,268,629.

³ Strategic Development Plan 2011 – 2030 (SDP), Page 117

2.5. Ports Program

Development of ports is a strategic priority to support economic growth and local industry, export-import activities that require fast and reliable freight services. Currently, only Dili port is serving all shipments in Timor-Leste. And port's capacity is not sufficient for the future. Moreover, the regional

Table 6: Ports Program

Year	Budget, \$	Execution, \$	%
2011	1,600,000	0	0%
2012	10,700,000	2,491,549	23%

2Q20*	1,988,548	78,455	4%
Total	171,336,257	147,641,358	86%

ports are also in poor condition⁴. The SDP target is to relocate the main port of Dili to Tibar Bay and rehabilitate regional ports. The Government has already secured funds to develop the Tibar Port.

There are 18 projects under the Ports Program, including 1 ongoing project for development of Tibar Port (Consultant). Eight (8) projects were completed, including rehabilitation of Dili Port, Rehabilitation of Hera Port, Cargo terminal in Tasi Tolu. And nine (9) projects have not been started to upgrade facilities for

regional ports in Com, Atauro, Oecussi, and Vemase; and for development of Suai Port.

The Program budget for 2020 is US\$ 1,988,548.

2.6. Airports Program

The airports and international air travel to and from Timor-Leste are essential for the development of business and tourism. However, the country has lack of airports suitable for international standards accepted by the International Civil Aviation Organization (ICAO). Domestic aviation services are limited to chartered fixed-wing aircraft and helicopter services and the airfields served

Table 7: Airports Program

Year	Budget, \$	Execution, \$	%
2011	2,228,000	2,147,000	96%
2012	9,466,852	0	0%

are inadequate to handle larger aircraft and more intensive services.

The Government has a vision to improve and to develop existing airports including Dili, Suai, Baucau, Maliana and Viqueque as identified in the Strategic Development Plan 2011-2030. For the Southern coast infrastructure development the Government has commenced upgrading of Suai Airport. In total, there are 18 projects under the Airport Program⁵, including upgrading of the Nicolau Lobato International Airport in

Dili and regional airports in Maliana, Baucau Suai, and Oecussi. Currently, under the Airports Program 4 ongoing projects, 6 completed projects, and 8 projects have not been funded.

The Program budget for 2020 is US\$ 3,981,341.

⁴The exception is the port in Oecusse which has been upgraded to handle freight and passenger traffic with JICA

⁵Including Rehabilitation and Expansion of Suai Airport which was part of Tasi Mane Program.

2.7. Tasi Mane Program

The Tasi Mane Development is a strategic investment Program of the Government initiated to

Table 8: Tasi Mane Program

Year	Budget, \$	Execution, \$	%
2011	18,925,000	8,686,786	46%
2012	123,038,000	9,709,000	8%
2013	139,402,000	5,709,000	4%
2014	21,809,000	21,747,000	100%

Total	726,847,340	387,597,080	53%

accelerate economic growth in the South coast zone of the country which is identified in SDP. This Program is for the South coast area, which is endowed with a wide variety of natural resources. The goal of the Program is to support development, create new jobs, improve living conditions, generate various industries and stimulate the economy as well as attract investment in Timor-Leste. The South coast will be focused on oil and gas industry as the petroleum sector is the Timor-Leste's greatest source of State revenue. This revenue will help to finance health care, education, security &

defence and to build and maintain the infrastructure.

There are 13 projects under the Program, including Design, construction and supervision of Suai Supply Base; Suai - Betano - Beaco Highway; Water Supply in Dato Rua To Tolu; Resettlement. Currently, 1 ongoing project, 10 projects were completed and 2 projects have not been started.

The Program budget for 2020 is US\$ 2,000,000.

2.8. Financial System and Supporting Infrastructure Program

The financial systems and supporting infrastructure Program was newly defined for the Infrastructure Fund in 2013 in responding to increasing number of projects implemented by the Ministry of Finance that was originally listed in the Public Buildings Program.

Table 9: Financial System Program

Year	Budget, \$	Execution, \$	%
2011	-	-	0%
2012	-	-	0%
2013	23,980,000	17,544,000	73%
2014	16,840,000	16,437,000	98%
2015	11,088,200	6,631,910	60%
2016	26,693,000	18,315,000	69%

Total	96,615,073	74,209,990	77%

There are 16 projects under the Financial System Program Portfolio, including 1 ongoing project - Free Balance System, and 10 completed projects, including Concept design, construction and supervision of the new building for the Ministry of Finance; Construction of Ministry of Finance building; supply and installation of IT & Data center for MoF and supervision; Interior fitment of the Ministry of Finance and design; DED for the Customs and Tax House for the Ministry of Finance. Five (5) projects have not been started yet, including SIGTAS, Back-up system for the Ministry of Finance; Integrated stations for Oesilo and Tunubibi; Batugade project; Construction and Supervision of New Customs and Tax Buildings, MoF.

The Program budget for 2020 is US\$ 3,100,000.

2.9. Information System Program

The Informatics Program is very important as industry and commerce rely on rapid and stable

Table 10: Information System Program

Year	Budget, \$	Execution, \$	%
2011	9,200,000	4,309,000	47%
2012	11,991,000	5,948,000	50%
2013	4,000,000	208,000	5%
2014	591,000	545,000	92%
2015	786,500	786,500	100%
2016	2,185,000	1,766,000	81%
2017	1,710,051	1,235,414	72%
2018	4,793,620	2,133,160	44%

2Q20*	2,588,774	144,000	6%
Total	43,953,862	21,120,074	48%

communications with adequate capacity and coverage to meet users' demand. Improving information technology to support service delivery is one of the priorities of the Strategic Development Plan⁶. There are 8 projects under the Information System Program Portfolio, including 4 ongoing, 1 completed and 3 not started projects. Two projects were started in 2014: National Connectivity Project Phases III and V; Satellite Internet Upgrade from 20 Mbps to 60/80Mbps 100/200. And another two projects are for GPM office:

(1) Extension of PCN II and network fiber-optic and (2) Data Center project. The Free Balance project from 2013 was moved to the Finance System Program.

The Program budget for 2020 is US\$ 2,588,774.

2.10. Youth and Sports Program

According to the Strategic Development Plan 2011 – 2030, the Youth and Sports Program sector the

Table 11: Youth and Sports Program

Year	Budget, \$	Execution, \$	%
2013	2,500,000	363,000	15%
2014	363,000	292,000	80%
2015	1,154,010	915,240	79%
2016	4,613,000	3,472,000	75%
2017	2,150,058	1,851,985	86%

2Q20*	613,467	0	0%
Total	14,272,680	8,165,341	57%

will help to re-shape Timor-Leste and contribute to the transformation of our society and economy. The Youth and Sports Program was separated from the Public Buildings program in 2013. It focuses on the construction of the national stadia for outdoor and indoor events and construction of eight regional outdoor stadia as a pre-requisite for the creation of national football leagues in partnership with South Korea, the Asian Football Confederation, Football

Federation Australia and the Real Madrid Foundation. According to the Part 2 of the Strategic Development Plan "Social capital", the Youth and Sports sector has significant importance for Timor-Leste's development⁷. The Youth and Sports Program Portfolio includes 16 projects for construction of stadia in four municipalities, including construction and supervision of Football Stadia in Baucau, Maliana, Manufahi, and Ermera that will help and to boost the youth in developing skills in sport. Currently, 4 projects ongoing, 6 projects were completed from 2011, and 6 project have not been funded or not started yet.

The Program budget for 2020 is US\$ 613,467.

⁶ Strategic Development Plan 2011 – 2030 (SDP), page 184

⁷ Strategic Development Plan 2011 – 2030 (SDP), pages 16 & 52-54

2.11. Health Program

The Health Program focused on infrastructure support and development of the health sector in Timor-Leste, including extensions and improvements at the National Hospital, the referral hospitals and the district and sub-district clinics and health centers. According to the Strategic Development Plan of Timor-Leste by 2030 the goal is to have a healthier population as a result of comprehensive, high-quality health services accessible to all Timorese people⁸.

Table 12: Health Program

Year	Budget, \$	Execution, \$	%
2011	4,654,000	2,182,000	47%
2012	6,429,000	2,216,000	34%
2013	2,041,000	238,000	12%
2014	1,973,000	1,758,000	89%
2015	2,015,550	1,923,340	95%

2Q20*	210,960	9,560	5%
Total	27,547,503	9,103,686	33%

There are 15 projects under the Health Program, including Intensive care cardio unit (ICCU) at Guido Valadares National Hospital HGV; Baucau hospital; Rehabilitation and construction of old building of Dr. Antonio Carvalho Hospital, ICCU and SAMES, Project of pediatric building at Guido Valadares National Hospital, Project for building extension of Guido Valadares Hospital. Currently, under the Health Program 5 ongoing projects, 6 completed projects, and 4 projects have not been funded or not been started yet.

The Program budget for 2020 is US\$ 210,960.

2.12. Tourism Program

The tourism sector in Timor-Leste is at the early stage of development with limited, but growing, numbers of international tourists and emerging tourism infrastructure⁹. The infrastructure planning, including the prioritization of projects, will consider the needs of the tourism industry to ensure

Table 13: Tourism Program

Year	Budget, \$	Execution, \$	%
2014	2,572,000	1,072,000	42%
2015	4,150,353	2,998,902	72%

Total	9,064,695	5,723,149	63%

that the industry is not held back by poor access or a lack of critical infrastructure¹⁰.

There are 11 projects under the Tourism Program. Currently, one (1) ongoing project for the consulting services for the master plan and detailed engineering design for the ecotourism in Maubara. Nine (9) projects were completed from 2011, including the design and supervision for new construction of Marina

Square in Bidau, and 6 CPLP projects (e.g. Rehabilitation of the Convention Center in Dili, CCD).

One proposal under the Tourism Program for construction of building for training center for hospitality (Centro Treinamento Hotelaria) has not been funded and not started yet.

The Program budget for 2020 is US\$ 16,000.

2.13. Education Program

The Education Program is based on the National Education Strategic Plan¹¹ which recognizes current situation and challenges that affect the MoE's ability to meet the country's obligations towards education development, as well as its commitment to the Millennium Development Goals and other national priority targets. It provides sector-wide support that will guide implementation

Table 14: Education Program

Year	Budget, \$	Execution, \$	%

2.15. Bridges Program

Good and well-maintained bridges are crucial for ensuring reliable access to markets, education and health services and for security and social stability. These are fundamental requirements for economic and social development are recognized by the Government and stated in the Strategic Development Plan 2011 - 2030. Therefore, construction of new bridges, rehabilitation of

Table 16: Bridges Program

Year	Budget, \$	Execution, \$	%
2011	17,618,000	2,932,000	17%
2012	92,144,000	30,165,000	33%

Total	978,424,940	739,308,371	76%

According to the Strategic Development Plan 2011 – 2030 the road development in Timor-Leste has one of the highest priorities. The aim of the Program under the Infrastructure Fund is to support movement of goods and services as well as improve connectivity for transportation between municipalities to various centers. Road projects have a strong economic and social impact because they provide access to isolated areas, reduce the time and cost of transportation.

A total number of the projects under the Roads Program is of 454, including 135 projects as part of the package approved by CAFI in 2017. Currently, 225 completed and 160 ongoing projects, 11 new emergency projects from 2020. The new proposals from the projects appraisal (25 new projects for the Infrastructure Fund, including 9 national roads, 13 municipal roads, and 3 urban roads) are not listed in the 2020 period and will be considered for the following fiscal year.

The Program budget for 2020 is US\$ 80,000,000.

2.17. External Loans Program

According to the SDP in order to finance State expenditure, and in particular infrastructure projects, grants and concessional loans will be considered by the Government. This may provide

Table 18: External Loans Program

Year	Budget, \$	Execution, \$	%
2011	-	-	-
2012	43,100,000	0	0%
2013	43,588,000	6,284,000	14%
2014	31,051,000	6,184,000	20%
2015	70,000,000	12,195,000	17%
2016	107,003,000	16,130,000	15%
2017	101,825,751	23,819,384	23%
2018	61,607,143	32,140,761	52%
2019	87,000,000	49,746,805	57%

Total	605,174,894	148,693,138	25%

favorable public financing options to support infrastructure programs such as the rehabilitation of roads and bridges¹². In accordance with the Public Debt policy and law, all loan-funded projects are confidently expected to generate high social and economic benefits after implementation, well in excess of their financial cost. The financial cost of the loans should, therefore, be lower than the returns being earned by the alternative source of funds, which is the Petroleum Fund.

This Program was established in 2012. Currently, there are 26 projects under the Loan Program, including 22 ongoing project, 2 new and 2 completed projects in 2016 (Road Network Upgrading Project (RNUP) for Tibar-Gleno; and Road Network Upgrading Project (RNUP) for Tibar-Liquica).

The Program budget for 2020 is US\$ 60,000,000.

2.18. Public Buildings Program

Table 19: Public Buildings Program

Year	Budget, \$	Execution, \$	%
2011	13,327,000	4,153,000	31%
2012	46,284,000	8,226,000	18%

2019	2,250,065	952,461	42%
2Q20*	3,297,540	0	0%
Total	113,945,305	37,196,097	33%

The Public Buildings Program has a strategic importance because many of existing government offices were constructed during the Indonesian administration and few buildings were constructed during the Portuguese time. Many of these buildings were damaged prior to the restoration of independence and some do not fit anymore to the government's needs. Therefore, the objective of this IF Program is to provide effective public services.

There are 56 projects under the Public Buildings Program, including 4 ongoing projects; 24 completed projects from 2011; and 28 projects have not been started or not funded yet. Among completed projects: Ministry of Justice Building (MOJ), CFP Building, Ministry of Social Solidarity Building (MSS), CNE Building, construction of Taibessi and Manleuana Fish Market, consulting services for the Building of the National Commercial Bank.

The Program budget allocation for 2020 is US\$ 3,297,540.

¹² Strategic Development Plan 2011 – 2030 (SDP), page 208

2.19. Social Solidarity Program

Table 20: Social Solidarity Program

Year	Budget, \$	Execution, \$	%
2011	1,200,000	510,000	43%
2012	1,940,000	885,000	46%
2013	1,633,000	1,152,000	71%
2014	1,060,000	1,055,000	100%
2015	-	-	-
2016	99,408	99,408	100%
2017	-	-	-
2018	66,000	0	0%
2019	-	-	-
2Q20*	600,000	0	0%
Total	6,598,408	3,701,408	56%

The Program budget for 2020 is US\$ 600,000.

There are 6 projects under the Social Solidarity Program of the Infrastructure Fund. Three (3) projects have already been completed, including the Jardim dos Heróis and that was completed in 2013; 5 statues for the Garden of Heroes in Metinaro (Dioli Museum); and construction of the monument Rotunda at the Airport Nicolau Lobato.

Currently, the project for construction and supervision of “Monumento 12 de Novembro” is listed in the Program.

2.20. Preparation of Design and Supervision Services

Table 21: Design and Supervision Program

Year	Budget, \$	Execution, \$	%
2013	19,418,000	63,000	0%
2014	1,226,000	859,000	70%
2015	4,902,955	2,648,539	54%
2016	2,750,650	2,108,015	77%
2017	2,051,140	671,863	33%
2018	-	-	-
2019	1,324,223	222,222	17%
2Q20*	3,629,494	0	0%
Total	35,302,462	6,572,639	19%

The Preparation of Designs and Provision of Supervision Services Program was established in 2013 under the Infrastructure Fund in order to facilitate preparation and supervision of the major projects by the Line Ministries because their budget is insufficient for these services. There are 36 projects under this Program. Currently, 6 ongoing, 3 completed and 27 not started projects in the portfolio for the Design and Supervision Services.

The Program budget for 2020 is US\$ 3,629,494.

2.21. Maintenance and Rehabilitation Program

The Maintenance and Rehabilitation Program was proposed under the Infrastructure Fund by the Government during the budget review committee in 2016 in order to keep existing infrastructure facilities such as road and water supply in a proper condition. Maintenance of the water supply is important for the country because it provides safe water supply services, reliable and adequate treatment, transmission, and distribution of water resources to benefit people in urban and rural areas which considers as a high priority for the country's development. Maintenance of rural and national roads is also one of the main components of this Program.

Currently, there are 95 projects under the Infrastructure Fund in this portfolio, including 15 maintenance projects for the water sector, 9 projects for roads, and 71 projects under the R4D Sub-Program for rehabilitation and maintenance.

The Program budget for 2020 is US\$ 4,263,637.

3. IF BUDGET SUMMARY

A total allocated budget for the Infrastructure Fund for 2020 is of US\$ 184.9 million, including US\$ 124.1 million for IF projects and US\$ 60 million for the loan projects. The source of financing of the infrastructure projects under the Infrastructure Fund is from the State budget, PPP and External loans. The following table presents the summary of the IF budget, IF Budget by Programs and the Loan financing for the Infrastructure Fund for 2020.

The details of the IF budget for the 2020 period is presented in the following Annexes 1 - 16.

ANNEXES

- Annex 1: The Budget of the Infrastructure Fund by Programs and Projects for 2020
- Annex 2: List of projects for the Electricity Program (140 projects)
- Annex 3: Construction and supervision for development of South Coast (Rehabilitation of Suai airport), BL-8080101
- Annex 4: Preparation of design and supervision, BL-8090501
- Annex 5: List of Road emergency projects from 2013 (8 projects), BL-8090118
- Annex 6: Rehabilitation of road Dili-Manleuana-Solerema-Aileu 15 km (9 projects), BL-8090252
- Annex 7: Rehabilitation and construction of Urban Roads, Phase II (22 projects), BL-8090267
- Annex 8: List of emergency projects in 5 Municipalities from 2013 (Package B: 11 projects), BL-8090453
- Annex 9: List of emergency projects for roads (Package C: 21 projects), BL-8090454
- Annex 10: List of road projects in 12 Municipalities (Package D: 32 projects), BL-8090455
- Annex 11: List of 135 projects for Rehabilitation of Roads and Bridges in 12 Municipalities
- Annex 12: List of 8 projects for rehabilitation of bridges
- Annex 13: List of projects for the Maintenance and Rehabilitation Program (BL-9770101, 9770102 and 97701013)
- Annex 14: List of emergency projects due to flooding on 13 March 2020 in Dili, Road Program
- Annex 15: List of emergency projects for the Water and Sanitation Program
- Annex 16: List of emergency projects for transmission and distribution of electricity
